

Kauai CBB and CLR Workshop

October 13, 2021 Virtual via Zoom

Coffee Berry Borer (CBB) was confirmed last year and the new disease, Coffee Leaf Rust (CLR), was recently been detected, causing additional problems for coffee production on Kauai. Please join us to learn about and discuss CBB and CLR identification and biology, their status updates, and integrated pest management (IPM) control methods.

Wednesday, October 13, 2021 from 10:00 AM – 12:00 PM

Please register at https://bit.ly/3C7MAZd

Tentative agenda:

- General introduction (identification and biology) Roshan Manandhar, CTAHR
- Status report and island-wide distribution Craig Kaneshige, HDOA
- CBB and CLR integrated pest management (IPM) Andrea Kawabata, CTAHR
- Q/A

Funding and support from:

National Institute of Food and Agriculture

U.S. DEPARTMENT OF AGRICULTURE

United Kau Growers Cooperative

Open to everyone without regard to race, age, sex, color or disability. If you require information in an alternative format, please contact us at: ADA-contact@ctahr.hawaii.edu. If you have a disability and require special assistance, please contact Roshan Manandhar at (808)274-3477 or roshanm@hawaii.edu at least one week prior to the event.

The university is an equal opportunity/affirmative action institution providing programs and services to the people of Hawai'i without regard to race, sex, gender identity and expression, age, religion, color, national origin, ancestry, disability, marital status, arrest and court record, sexual orientation, or status as a covered veteran.
